SATURDAY, OCT. 14, 2023
10 a.m.-2 p.m.

To Be Announced
West Memphis

As part of the Statewide Fatherhood Initiative, the HSSCO and Arkansas PBS invite dads and their children to participate in a fun, casual reading event!

Research shows that fathers have the capacity for caregiving, and children benefit directly from dads' parenting contributions. Findings from science of early childhood and early brain development show the positive, lifelong impact fathers can have by being engaged early in their children's lives.
